

Embracing Change and Living Magnificently

A taste of transformation with Kim and Elaine

Join us for three online transformative masterclasses on embracing change and living magnificently. Over the three classes, we'll be offering you practical tools and experientials to support you in navigating life's transitions with confidence. We will be supporting you in opening to your full potential for a vibrant and fulfilling life, taking you deeper into your true essence.

If you feel at a crossroads in your life, waiting for the new to arrive and not quite sure how to be with the chaos that sometimes accompanies change, our masterclasses can help you to develop resilience, self-confidence and enhance your wellbeing.

"To exist is to change, to change is to mature, to mature is to go on creating oneself endlessly"
-Henri Bergson-

Some of the benefits for you:

- ✚ Opportunities to explore what's next in your life with the support of the group**
- ✚ Discover how to expand and align with your true self**
- ✚ The invitation to continuously renew your commitment to change and movement in your life**
- ✚ Uncover and transform the challenges that get in the way of your empowerment**
- ✚ Experience relaxation and spaciousness in your day-to-day life**

During each session, there will be an alchemical sourcing and light language transmission which will be recorded and sent to you afterwards so that you can use the replay to empower you between each session.
